Carrying the brochure, Vanadium returned to the bathroom and switched on the overhead light. He stared at the slashed wall, at the name red and ravaged.. "That's the Oreo. After I ate it up, the cookie went smooch--smooch into my finger." A shock-haired, bright-eyed woman with a candle bound to her forehead set down her pick to show Otter a little cinnabar in a bucket, brownish red clots and crumbs. Shadows leapt across the earth face at which the miners worked. Old timbers creaked, dirt sifted down. Though the air ran cool through the darkness, the drifts and levels were so low and narrow the miners had to stoop and squeeze their way. In places the ceilings had collapsed. Ladders were shaky. The mine was a terrifying place; yet Otter felt a sense of shelter in it. He was half sorry to go back up into the burning day.. "You're all right, we've got you now." His soft yet reverberant voice was so unearthly that his words seemed to convey

an assurance more profound and more comforting than their surface meaning... So he calls it the King. If you find him his King, he'll treat you well. He's often here. Come on, I'll show you. Dog can't track till he's had the scent." He pointed at his feet. "Toes, toes, toes, toes, toes, toes, toes, toes, toes, toes." Sitting on the edge of the bed, taking his hand, she stared at his sweet little bow of a mouth, whereas before she would have met his eyes. "Tell me." He almost opened the paper atop the quarter before seeing it. Shiny. Liberty curved across the top of the coin, above the head of the patriot, and under the patriot's chin were stamped the words In God We Trust. On the day that Vanadium attended the graveside service for Seraphim and subsequently stopped at Naomi's grave to needle Cain, he had suspected that Phimie didn't die in a traffic accident, as claimed, but he hadn't for a moment thought that the wife killer was in any way connected. Now, finding this gallery brochure in the nightstand drawer seemed to be one more bit of circumstantial proof of Cain's guilt. In the kitchen were a radio, a toaster, a coffeepot, two place settings of cheap flatware, a small mismatched collection of thrift-shop plates and bowls and mugs, and a freezer full of TV dinners and English muffins. Agnes discovered, from her research, that among child prodigies, Barty was not a wonder of wonders. Some math whizzes were absorbed by algebra and even by geometry before their third birthdays. Jascha Heifetz, became an accomplished violinist at three, and by six, he played the concertos of Mendelssohn and Tchaikovsky; Ida Haendel performed them when she was five. Behind them, two shots roared, and Paul knew that the reverend was no longer of this world. When she complimented him on being such a good little soldier, abiding his cold with no complaint, he shrugged. Without looking up from the coloring book, he said, "It's just here." Barty wanted to hug her. He did hug her. He hugged Angel, too. He hugged Tom Vanadium. The fact that Barty saw twisty spots with either eye closed had prepared Agnes for this bleak news. Yet in spite of the defense that foreknowledge provided her, the teeth of sorrow bit deep. When the convulsive seizure passed, as he collapsed back on the spattered pillow, shuddering at the stench rising from his hideously fouled clothes, Junior was suddenly struck by an idea that was either. "All right. I get my new eyes from a doctor. They're not real eyes, just plastic, to fill in where my eyes used to be." During the day and then following a dinner break, the Hackachaks persisted. The hospital had never witnessed such a spectacle. Shifts changed, and new nurses came to attend to Junior in greater numbers than necessary, using any excuse to get a glimpse of the freak show. "When we pull away, people are waving across the street at the UPS truck, and the driver, he sees them, and he stands there, kind of confused, and then he waves back." Angel was adamant: "Nope. I could learn that. Like dressing myself and saying thank-you." Surprising himself more than anyone, Edom also presented his collection to the university. Out with tornadoes, hurricanes, tidal waves, earthquakes, and volcanoes; bring in the roses. He lightly renovated his small apartment, painted it in brighter colors, and throughout the autumn, he stocked his bookshelves with volumes on horticulture, excitedly planning a substantial expansion of the rosarium come spring. In the brief silence between cuts on the album, he heard the clink of the wineglass against the bottle of Merlot, as the visitor evidently gathered them from the floor. "That discord sets up lots of other vibrations, some of which will return to you in ways you might expect-and some in ways you could never see coming. Of the things you couldn't have seen coming, I'm the worst." Turning his attention to Barty, Obadiah broke into a smile, revealing a gold upper tooth. "Something here is sweeter than that lovely pie. What's the child's name?" Few people will spend the greater part of their youth in school, struggling to obtain the education required for a medical specialty, unless they have a passion to heal. Franklin Chan was a healer, whose passion was the preservation of vision, and Agnes could see that his anguish, while a pale reflection of hers, was real and deeply felt. On the nightstand stood a stainless-steel carafe beaded with condensation. Maria took the cap off the water carafe, and with a longhandled spoon, she scooped out a chip of ice. Cupping her left hand. Already the fortune foretold, which she had strived to dismiss as a game with no consequences, was coming true. To see his newborn baby girl, Barty shared the sight of other Bartys, and he so adored this little wrinkled Mary that he sustained his vision all day, until a thunderous migraine became too much to bear and a sudden frightening slurring of speech drove him back to the comfort of blindness. By telephone, he had been prepared for this boy. Strange as it was to find a Bartholomew in their lives, given Enoch Cain's peculiar obsession, Tom nonetheless agreed with Celestina that the wife killer could have no way to know about this child-and could certainly have no logical reason to fear him. The only thing they had in common was Harrison White's sermon, which had inspired this boy's name and might have planted the seed of guilt in Cain's mind. This device, which could automatically pick any lock with just a few pulls of its trigger, was sold strictly to police departments, and its distribution was tightly controlled. On the black market it commanded such a high price that Junior could have bought the better part of a small Sklent painting for the same bucks. His wife, Dorothea, adored him, not least of all because he had taken in her eighty-year-old mother and treated that elderly lady as though she were both a duchess and a saint. He was equally generous to the poor, burying their dead at cost but with utmost dignity. Of the three Bartholomews that he'd turned up recently, he chose Prosser because, burdened by the name Enoch, Junior felt sympathy for any girl whose parents had cursed her with Zelda. Trees also revealed Barty, and no radiance from another world shone spectrally through him, as it had shone through Joey-dead-and-risen. Shortly before three o'clock, Thursday afternoon, in a state of agitation, Barty raced into the kitchen, where Agnes was baking buttermilk-raisin pies. Holding Red Planet open to pages 104 and 105, he complained urgently that the library copy was defective. "There's twisty spots in the print, twisty-funny letters, so you can't just exactly read all the words. Can we buy our own copy, go out and buy one right now?" She looked around the room. "He's invisible like the Cheshire cat?" "His whole world is as real as ours, but we can't see it, and people in his world can't see us. There're millions and millions of worlds all here in the same place and invisible to one another, where we keep getting chance after chance to live a good life and do the right thing." Intending to keep the front of the gallery under surveillance from behind the wheel of his Mercedes, Junior checked the time as he walked toward the car. His wrist was bare, his Rolex missing. Blind he remained until an afternoon in May 1993, when at last the miracle occurred, and the meaning that Tom Vanadium had foreseen so long ago began to manifest. This morning he had changed the sheets. Naomi's scent was no longer with him in the bedclothes. Junior wasn't concerned that the shots would attract unwanted attention. These large rural properties and a plenitude of muffling trees made it unlikely that the nearest neighbor would hear anything. "But in 'This Momentous Day,' Bartholomew is just the disciple, the historical figure, and he's also a metaphor for the unforeseen consequences of even our most ordinary actions." Eleven years later, a few months after marrying Agnes, Joey mysteriously invited Edom to accompany him on "a little drive," and took his bewildered brother-in-law to a nursery. They returned home with fifty pound bags of special mulch, jars of plant food, and an array of new tools. Together, they stripped the sod from the side yard, turned the soil, and prepared the ground for the rich variety of hybrid starter plants that were delivered the following week. Jacob had become a card mechanic for one purpose. Not because he'd ever

be a gambler. Not to wow friends with card tricks. Not because the challenge intrigued him. He wanted to be able to give Agnes winning cards once in a while, if she was losing too frequently or needed to have her spirits lifted. He didn't feed her winning hands often enough to make her suspicious or to make the games less fun for Edom or Joey. He was judicious. The effort he expended-the thousands of hours of practice-was repaid with interest each time Agnes laughed with delight after being dealt a perfect hand. "I only told you about that," said Grace, "because it was a very handsome shirt, and I thought you might want to get one for Wally." "No," Agnes said, shaking loose the grip of irrational fear. "Wait. This is absurd. It's just a card. And we're all curious." "He'll just think I'm an incompetent detective. If he comes around wanting his five hundred bucks back, I'll give it to him." He had never associated Enoch Cain's dreaded Bartholomew with the disciple Bartholomew in Harrison White's sermon, which had been broadcast once in December '64, the month prior to Naomi's murder and again in January '65. Even now, with blood-scrawled-and-stabbed Bartholomew on the wall and with This Momentous Day before him in the brochure, Tom Vanadium couldn't quite make the connection. He strove to pull together the broken lengths in this chain of evidence, but they remained separated by one missing link. As she struggled to cope with her loss, the last thing Agnes needed was the reminder posed by that empty chair. Maria's intentions were good, however, and Agnes didn't want to hurt her feelings..was trying her best to ensure the health of the baby while still remaining slim enough to avoid suspicion..This consequence of rape, the baby, was less baby to Celestina than cancer, a malignancy excised rather than a life delivered. She had been no more impelled to study the child than she would have been, charmed to examine the glistening gnarls and oozing convolutions of a freshly plucked tumor. Consequently, she could remember nothing of its squinched face..Finally, only thirty miles south of Spruce Hills, he reluctantly acknowledged that slow deep breathing, positive thoughts, high self esteem, and firm resolve weren't sufficient to subdue his treacherous bowels. He needed to find lodging for the night. He didn't care about a swimming pool or a king-size bed, or a free continental breakfast. The only amenity that mattered was indoor plumbing..The short walk across the room, to the hero's table, looked more daunting to Paul than the trek he'd just completed. He was nobody, a small-town pharmacist who missed more work each month, who relied increasingly on his worried employees to cover for him, and who would lose his business if he didn't get a grip on himself. He had never done a great deed, never saved a life. He had no right to impose upon this man, and now he knew he hadn't the nerve to do so, either..He had recently learned about the demigods of classic mythology in one of the selections from the Book-of-the-Month Club..Although the distance to the ground was only ten feet, she would be risking too much by running blindly off the roof and leaping to clear the fringe of fire at the edge. A landing on the lawn might end well. But if she fell onto the walkway, she might break a leg or her back, depending on the angle of impact..A sudden cold breeze blew down out of the moon, bearing a faint alien scent, and the black boughs of the trees billowed and rustled like witches' skirts..If the sight of his daughter almost drove him to his knees, the sight of his wife, also his first in seven years, lifted him until he was virtually floating across the grass..Into new avenues of the labyrinth he moved, but then back again, back upon his own trail, twisting, turning, from the occult to modern literature, from history to popular science, and here the occult once more, always the shadow glimpsed so fleetingly and so peripherally that it might have been imagination, the scent of a woman no sooner detected than lost again in the perfumes of aging paper and bindery glue, twisting, turning, until abruptly he stopped, breathing hard, halted by the realization that he hadn't heard the singing in some time..-and whenever the good Pharaoh was here in San Francisco, a few times each year, he always stopped by St. Anselmo's to entertain the boys--".Celestina finally zipped shut the satchel. "You better watch out for the big bad wolf."
