Murder itself was easy, but the aftermath was more draining than he had anticipated. Although the ultimate liability settlement with the state was certain to leave him financially secure for life, the stress was so great that he wondered, in his darker moments, if the reward would prove to be worth the risk. "Crafty men need to stick together," he said. "Men who have no art at all, nothing but wealth—they pit us one against the other, for their gain not ours. We sell em our power. Why do we? If we went our own way together, we'd do better, maybe." On Thursday, January 4, he used his John Pinchbeck identity to purchase a new Ford van with a cashier's check. He leased a private garage space in the Pinchbeck name, near the Presidio, and stored the van there. A plate-size piece of the door had been blasted away. Because of the light shining through from the room beyond, Junior could see that no part of the lock remained intact. In fact, he peered through the hole in the door to the back of a piece of furniture that was jammed against it, whereupon the nature of the problem became clear to him. Tom Vanadium's uninflected but curiously hypnotic voice, his pensive manner, his gray eyes so beautiful in that fractured face, his air of measured melancholy, and his evident intelligence gave him a presence that was simultaneously as solid as a great mass of granite and yet otherworldly. A floor-to-ceiling bookshelf was crammed with pulp magazines that had been published throughout the 1920s, '30s, and '40s, before paperback books supplanted them. The All-Story, Mammoth Adventure, Nickel Western, The Black Mask, Detective Fiction Weekly, Spicy Mystery, Weird Tales, Amazing Stories, Astounding Stories, The Shadow, Doc Savage, G-8 and His Battle Aces, Mysterious Wu Fang ... Adoption records would have been kept as secret from Celestina as from everyone else. But perhaps she knew something about the fate of her sister's bastard son that Junior didn't know, a small detail that would seem insignificant to her but that might put him on the right trail at last. Wally Lipscomb's face, as long and narrow as ever, seemed not at all like the dour visage of an undertaker, as once it had, but rather like the rubbery mug of one of those circus clowns who can make you laugh as easily by striking an exaggeratedly sad frown as by putting on a goofy grin. She saw a warmth of spirit where once she had seen spiritual indifference, vulnerability where once she had seen an armored heart, great expectations where once she had seen withered hope; she saw kindness and gentleness where they had always been but now in more generous measure than before. She loved this long, narrow, homely, wonderful face, and she loved the man who wore it. If Cain had been attracted to one woman by her looks, surely he would be attracted to the other. And perhaps the sisters shared a quality other than beauty that drew Cain with even greater power. Innocence, perhaps, or goodness: both foods for a demon. Such quiet filled the house that Agnes couldn't hear even the murmuring miseries of the past. Startled, the pianist turned to face him—and backed off a step, as though his personal space had been too deeply invaded. "Oh, well, thank you, that's kind. I love my work, you know, it's so much fun it hardly qualifies as work at all. I've been playing the piano since I was six, and I was never one of those children who whined about having to take lessons. I simply couldn't get enough." In Junior's estimation, this was not the way that a normal person lived. This was the home of a deranged loner, a dangerously obsessive man. Someone named Bartholomew had adopted Seraphim's son and named the boy after himself. Junior applied the patience learned through meditation to the task at hand, and instinctively, he soon evolved a motivating mantra that continuously cycled through his mind while he studied the telephone directories: Find the father, kill the son. yunh, so she nodded as vigorously as she was able to do, and tightened her grip on Celestina's hand. Paul shook his head. "Oh, no. People look at our marriage, and they think I gave up so much, but I got back a lot more than I gave." On the morning in August that Agnes came home from Dr. Joshua Nunn's office with the results of tests and with a diagnosis of acute myeloblastic leukemia, she asked that everyone pack up and caravan, not to deliver pies, but to visit an amusement park. She wanted to ride the roller coaster, spin on the Tilt-A-Whirl, and mostly watch the children laugh. She intended to store up the memory of Barty's laughter as he had stored up the sight of her face in advance of the surgery to remove his eyes. Of course, there was no possibility whatsoever of 'drawing four identical jacks from combined decks that had been exquisitely manipulated and meticulously arranged by a master mechanic—unless the effect of the jacks was intended, which in this case it was not. The odds couldn't be calculated because it could never happen. No element of chance was involved here. The cards in that stack should have been as predictably ordered—to Jacob—as were the numbered pages in a book. Sometimes Angel seemed troubled by what she'd been told about her grandfather, and at those moments she appeared downcast, somber. But she was just three, after all, too young to grasp the permanence of death. She would probably not have been surprised if Harrison White had walked through the door in a little while, during The Man from U.N.C.L.E. or The Lucy Show. At this extreme end of town, no streetlamps lit the pavement. With only moonlight to reveal him, he wasn't likely to be recognized if anyone happened to glance out a window. The search for Cain was secondary. Getting to the revolver took Priority. Regain the gun and then proceed room by haunted room to hunt him down. Hunt him down, if he was here. And if Cain didn't do the hunting first. Wild exhilaration burst through him like pyrotechnics blazing in a night sky, reminiscent of the rush of excitement that followed his bold action on the fire tower. Happily, Junior had no emotional connection to Prosser, as he'd had to beloved Naomi; therefore, the purity of his. After the song concluded, Junior felt better. His heartbeat soon returned to normal. The damp palms of his hands grew dry. And in time, the surgeon did appear, bearing the good news that neither of the malignancies had spread to the orbit and optic nerve, but he had no greater miracle to report. First room on the left. Move. Kick the door open. The sense of a larger space beyond, no bathroom this time, and darker. Fan the pistol, gripping with both hands. Two quick shots: muffled cough, muffled cough. She was of two minds about this. She wanted him, wanted to be held and cherished, to satisfy him and to be satisfied. But she was the daughter of a minister: The concept of sin and consequences was perhaps less deeply ingrained in some daughters of bankers or bakers than in a child of a Baptist clergyman. She was an anachronism in this age of easy sex, a virgin by choice, not by lack of opportunity. Although she'd recently read a magazine article containing the claim that even in this era of free love, forty-nine percent of brides were virgins on their wedding day, she didn't believe it and assumed that she'd chanced upon a publication that had fallen through a reality warp between this world and a more prudish one parallel to it. She was no prude, but she wasn't a spendthrift, either, and her honor was a treasure that shouldn't be thoughtlessly thrown away. Honor! She sounded like a maid of old, pining in a castle tower, waiting for her Sir Lancelot. I'm not just a virgin, I'm a freak! But even putting the idea of sin aside for a moment, assuming that maidenly honor was as pass? as bustles, she still preferred to wait, to savor the thought of intimacy, to allow expectation to build, and to start their conjugal life together with no slightest possibility of regret. Nevertheless, she had decided that if he was ready for the commitment that

she believed he'd already teetered on the edge of expressing three times, then she would set aside all misgivings in the name of love and would lie down with him, and hold him, and give of herself with all her heart..So here it came again, the hateful past, returning when Junior thought he was shed of it. This tall, lanky, Celestina-humping son of a bitch, guardian of Bartholomew, had driven away, gone home, but he couldn't stay in the past where he belonged, and he was opening his mouth to say Who are you or maybe to shout an alarm, so Junior shot him three times..He left by the back door, to avoid the aftermath seeping across the foyer floor. Fog enveloped him, cool and refreshing.. "Sometimes these sympathetic vibrations are very apparent, but alot of the time, they're so subtle that you can hear them only if you're unusually perceptive.".Anyway, traumatic as it had been, the shooting was not the worst thing that happened to him that year.
